Components

Blade Stay is a popular feature that locks blades firmly in position. This function proves particularly useful during high wind conditions, preventing blade movement.

Material, Frames & Stiles

- 1.4mm gauge marine-grade aluminium
- Stainless steel hardware
- Flat L, Standard Z and Flush Mount Z Frame
- 60mm Beaded Stile

Blades & Control Rods

Blades

- Elliptical blade 64mm, 89mm & 114mm

Control Rods

- Clearview

Installation Options

- Hinged
- Fixed in Channel
- Multi-fold
- Sliding

Shapes

- Slope Left Rake
- Slope Right Rake

Finish & Colours

Weatherwell Standard shutters are finished with a premium powder coat, providing a smooth, durable finish designed to withstand the elements and ensure long-lasting performance. Alternatively, you can choose a timber-stained look with a heat-sealed timber wrap for a natural, wood-like appearance without compromising on durability.

Extras

- Blade Stay
- Fly Screen
- Double Shoot Bolt
- Flush Bolt
- Security Bolt
- Lockable Handle
- Stand-out Bracket
- Universal Pull Stick
- Cupboard Catch

Please note: The colours shown are for reference purposes only - Please refer to the official colour swatch provided by your consultant. Not all components and frames can be timber-wrapped. Weatherwell shutters are proudly manufactured by TWO Australia.
